Titan Implants® is registered trademark of Titan Implants, Inc.,

Dear Doctor,

You have a choice to use Implant Direct, Zimmer, or Titan.

Our motto states Success without Expense.

You don't have to pay extra when you can have more for less.

We carry wide range of Zimmer compatible implants. Zimmer has been around for many years so their design has been very successful.

Our promotional implant set consists of: implant, cover screw, and fixture mount, (which does three things: it delivers the implant to the implant site and then becomes impression coping and later on you can modify to make final abutment), along with analog. This completes the whole system.

Since you are already using Implant Direct or Zimmer Surgical Kit, you do not need to buy anything extra.

All of the competing designs have worked well in dentistry for many years. The different implant topographies, metal, surfaces, and compositions that have been advocated have likewise all been successful.
